

BCLx Series

High Security • Shallow Mount Fixed Bollards

S10, S20 or S30 Engineered

5,000 lbs. @ 10, 20 or 30 mph

The BCLx Series crash-rated, shallow mount bollards are available as single or multiple unit emplacements and designed to both deter and stop slow moving vehicles.

BCLx Series provide maximum project flexibility with a low-cost, high protection system available in several sizes, colors, styles and options.

Standard with a 12" (305 mm) deep foundation and capable of stopping a 5,000 lb. vehicle up to 30 mph, BCLx series bollards are the SOLUTION to protecting life and physical property.

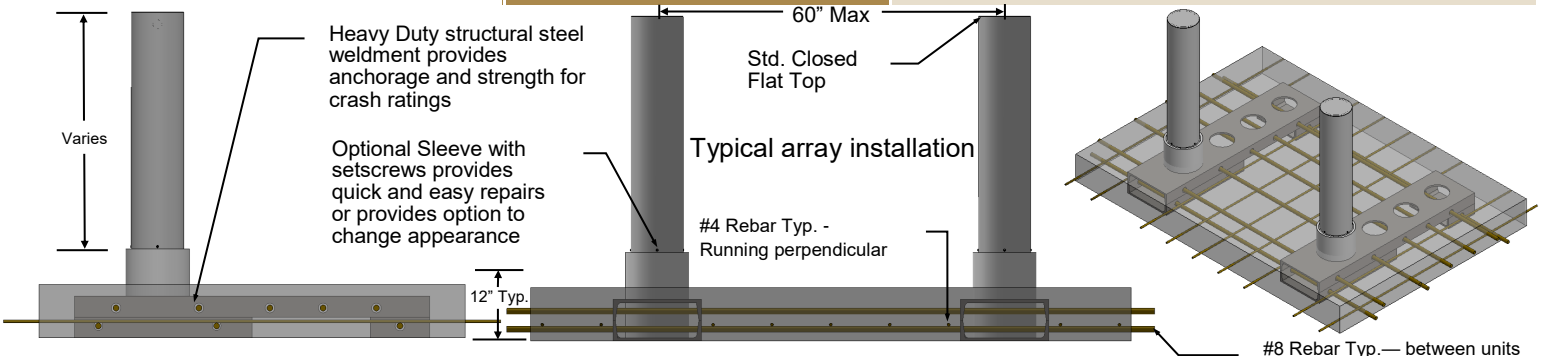

Features

- Stopping power:
 - * Engineered to ASTM F3016
 - 5,000 lbs @ 10, 20 or 30 mph [2268 kg @ 16.1, 32.2 or 48.3 km/hr] ratings
- Single or Array (linked) emplacements
- Simplified install and low maintenance design
- Superior corrosion protection for long-term durability
